Subject : Motivation Letter

Dear Sir/Ma'am,

Today I am writing this email to express my will to volunteer my part on humanity, which will be implemented by Y NGO from the next month. I have volunteered my self for social work and in the times of crisis as well . Similarly there are various small occasions in which I have volunteered myself and I love to serve people. This is also a chance for me to contribute to humanity and I look forward to do it .

Thanks & Regards

Nikhil Singh
