Subject : Motivation Letter

Dear Sir/Ma'am,

I am glad to enroll myself for the Data Science course. I am a graduate from ABC University, New Delhi India. It has always been a dream for me to study abroad. During my graduation I have done certifications in machine learning and data science and I have also done internships in the same fields. Data science never fails to excite me . I came across your university which is offering this course and I will get to study abroad , which is a plus. If I get to study abroad I will be getting correct career path in the field of data science . I wish to be part of further admission process. Thanking you in anticipation.

Regards

Jyoti Bhalla
