To,

XYZ University Sector-23

Noida, Uttar Pradesh

Dear Sir/ Ma'am,

I am currently a high school student at Bharti International School. I have an excellent academic record as well. I have stood first position in 10th standard and I am currently pursuing science with subjects : physics, chemistry, biology and maths. Maths has always been my favourite subject and I have always scored highest grade point in maths in my academic history. Moreover I have always been an active participant in maths olympiads. I have also won zonal level mathematics olympiad. I want to pursue BSc in mathematics from XYZ University . I have heard so much about XYZ University , the opportunities you provide to your students and they are doing excellent in their career. I will be highly obliged if you consider my application . I look forward to study BSc mathematics from XYZ University and add value to my career. I wish to be fortunate enough of getting the privilege of gaining knowledge from renowned mentors of XYZ University and being a part of the university .

Sincerely,

Kim Smith
