Dear Sir/Ma'am,

I am sending this letter attached with my resume as I want to volunteer for your NGO . I like working as a volunteer and provide something fruitful to the community and help others. I have previously volunteered for X NGO and I was a campus ambassador for AB NGO. I have worked in teams to serve the community. I am punctual , team player and passionate about serving the society. I believe that I am capable of holding responsibilities and serve people in need. I am willing to discuss my application in a personal interview. I have attached my resume as well. Thank you for your time and consideration.

Sincerely

Nikhil Singh
