Y School
New Delhi

Dear Sir,

This letter is to state that I have applied for admission in the Nursery class of my son Ravi who is 3 years old. We found out that your school is among the top 10 schools, I am willing for admitting my child to Y School for his bright future ahead. My son is good in terms of behavior and he likes to think differently. I hope that my son will start going to school and get a correct pathway to his development. Please consider my application and give my son a chance for an interview at your school for the admission process.

Thank You
Mansi Rawat
