Subject: Telkom Connection Cancellation.

Dear Mike Aniston,

This email is to request the cancellation of the Telkom connection. It has been two years since the subscription of the LTE package on monthly basis in Odio Apartment. I am facing issues of repeated failures in the signal and have a complaint about it many times before but did not get any response. So, I request you to proceed with my cancellation request with immediate effect. Thank you.

Regards,
(Signature)
